

Referral for Services

The Eric Johnson House accepts referrals from a variety of sources. Appropriate referrals for our programs are those persons who meet all of the following eligibility criteria:

- (1) Those who are HIV positive or have AIDS;
- (2) Those who are homeless;
- (3) Those who are not under the influence of illegal drugs or alcohol;
- (4) Those who are motivated to obtain and maintain permanent housing;
- (5) Those who can live independently and care for their own daily needs.

To complete a referral or to self refer, please contact Case Management at 973-326-9636.

Our Mission & Vision

The mission of The Eric Johnson House is to respond compassionately and responsibly to the HIV/AIDS crisis by providing supportive services, housing opportunities, prevention strategies and community education in New Jersey. It is our vision to help create a community where the social issues related to HIV/AIDS are abundantly met.

Residential Programs

Transitional Housing Program: This program, located in downtown Morristown, is designed for individuals who are homeless due to their HIV status. The facility has the capacity to house ten individuals at a time for a period of up to 24 months as they locate the resources and develop the skills necessary to obtain and maintain permanent housing. Individuals who enter our transitional housing program come primarily from living on the streets, places not meant for human habitation, or in emergency shelters.

Permanent Housing Program: This program administers housing subsidies for rental assistance to help enable HIV positive persons to afford independent living. Participants are required to pay 30% of their income towards rent and the housing subsidy pays the difference directly to the landlord.

The Aftercare Program

Once individuals successfully graduate from our transitional housing program and move into their own permanent living situation, they become participants of the Aftercare Program. Core services offered through Aftercare Case Management consist of:

- ◆ Weekly phone contact;
- ◆ Monthly peer support meetings;
- ◆ Food basket distribution;
- ◆ Monthly home visits;
- ◆ Mental Health Counseling;
- ◆ Substance Abuse Counseling.

Community Education & Prevention

Staff and trained professionals from The Eric Johnson House visit corporations, community organizations and schools, throughout the year to help educate the public about HIV/AIDS. Comprehensive presentations are tailored to meet the unique needs of each audience and may include education on the modes of HIV transmission, risky behaviors, workplace issues related to HIV/AIDS and general HIV/AIDS facts. While our clients are already living with HIV it is the goal of The Eric Johnson House to prevent future infections in others.

The Eric Johnson House

- YES**, I would like to contribute to The Eric Johnson House. Enclosed is my donation of \$ _____.
- I cannot give at this time, but I would like to be on your mailing/e-news list.
